1. WE are the inventors of the invention set forth in the above referenced application.

3. We understand that Figures 1A – 1C were originally in the background section of the application. Accordingly, we understand that the Examiner has construed these drawings to be prior art to present invention.
4. We believe ourselves to be the inventors of the lead frame illustrated in Figure 1A and Figure 1B, and the inventors of the package illustrated in Figure 1C.
